1. Coupling Issues

1.1. Content coupling

Related Modules	Description	Improvement
model.dock	bikeList in dock is modify outside of class	Replace all of those usage with methods call to the dock instance

1.2. Common coupling

Related Modules	Description	Improvement
None		

1.3. Control coupling

Related Modules	Description	Improvement
None		

1.4. Stamp coupling

Related Modules	Description	Improvement
None		

2. Cohesion Issues

2.1. Coincidental cohesion

Related Modules	Description	Improvement
None		

2.2. Logical cohesion

Related Modules	Description	Improvement
None		

2.3. Temporal cohesion

Related Modules	Description	Improvement
None		

2.4. Procedural cohesion

Related Modules	Description	Improvement
None		

2.5. Communicational cohesion

Related Modules	Description	Improvement
None
